#### Engineering

Jason Clearwaters discussed the completion of the Hangar 1 year, inspection of all punch list items completed and Tim is satisfied with any outstanding work and that it has been completed.

Update on the Rotary Snow removal broom, estimated delivery is still slated for September of this year.

The FAA AIP grant for the Wildlife and Security Fence has been submitted, a proposed change order was submitted also to attempt to capture the entire budget due to bids coming in lower than the announced availability to possibly allow us to complete more fencing in phase 1. Jason broke down the estimate of cost for this phase Federal 90%-\$1,338,940.00

State 5%- \$74,386.00 Local 5%- \$74,386.00

Looking for the grant to be awarded by October.

The grant will be sent via email for electronic signature, Tim asked Jason to make sure that Russell Jones to the email chain for signing.

Jason asked the airport authority to approve awarding the contract to Burcur Fence once grant is awarded due to time frame of the bid. Burcur was the low bidder.

#### Public comments

The Authority had some questions for Martin in regards to the Admin/ Rest building. Discussed the current lease with Rapid Flight and if it was locked in with any potential new tenant, he believes it is, Steve also believed that it could be binding as well. Also discussed if Denny Green had an agreement and would need to stay in building, Martin believes he will move over to the new offices if building sells. No price on building has been given at this point.

A motion to adjourn the meeting at 8 pm.

Roll Call Vote 3 ayes

The next board meeting of the Delaware County Airport Authority will be on August 12, at 6:30pm.

#### NUMBER 2024-004

A RESOLUTION OF THE DELAWARE COUNTY AIRPORT AUTHORITY TO RE-AFFIRM ACTIONS TAKEN IN PRIOR MEETING

**WHEREAS**, in a previous meeting held on May 9, 2016 the Delaware County Regional Airport Authority met in a regular meeting.

WHEREAS, The Delaware County Airport Authority discussed, motioned and seconded to adopt Uniform Control Standards for the Delaware County Airport Authority to take effect prior to June 30, 2016.

**WHEREAS,** The Delaware County Airport Authority was informed in July of 2024, that there was no recorded resolution adopting the Uniform Control Standards.

Now therefore, be it resolved by the Delaware County Airport Authority Board:

1. Re- Affirms the prior meeting minutes from May 9, 2016 and the prior boards motion, adoption and unanimous vote to adopt and approve Uniform Control Standards for the Delaware County Airport Authority.

ADOPTED AND APPROVED BY THE BOARD OF THE DELAWARE COUNTY AIRPORT AUTHORITY, ON THIS THE DAY OF 2024.

WITNESS

Russell Jones, Chairman

# DELAWARE COUNTY AIRPORT AUTHORITY May 9, 2016 401 W. Carl Simmons Drive Muncie, IN 47303

Kurt Alexander, President called the meeting to order at 6:30 P.M. The following board members were present Kurt Alexander, Andy Munson, Joe Evans and Rhonda Small. Also present Tim Baty, Leve Tompkins, John Ferratt, Jason Clearwater, Toby Steffin, Rick Manes, Nick Toker. Absent: Jake Ludwick.

#### MINUTES:

The minutes of the April 11, 2016 meeting were reviewed and a motion was made to accept the minutes as read by Andy Munson and 2<sup>nd</sup> by Rhonda Small.

#### **QUOTE FOR TOWER ROOF -Tim**

Tim discussed the leak on the Tower Roof. Quote was received from McGuff's Roofing. This was tabled until June Board Meeting in order to get additional quotes needed.

#### **NEW BUSINESS** – Tim

**Control Standards** – Requirements prior to June 30<sup>th</sup>, this covers all requirements for SBOA. We must have the Control Standards in place prior to SBOA coming in for an audit. The board is the ultimate checks and balances, and the board will need to watch the video and sign off on the training. This is required to be done once a year. The plan will need to be updated each time there is a change made.

### Motion was made by Andy Munson 2<sup>nd</sup> by Rhonda Small to approve the Control Standards Plan as presented. 4 ayes

#### Manager - Tim

Discussed what has been going on around the airport. He said that he misspoke last month regarding the server, and the new server has been installed and Jason (with the IT) is working with Mr. Ketterer to be able to remote in and get The Financial Edge in place. There will be training for Leve and I when the Financial Edge is in place.

Tim discussed the phone service at the tower. They need their own cable internet service, instead of beaming the service from the front office.

My last topic is the Barn. If the board is in agreement we plan on burning as soon as we can and there is no wind.

#### FIRE DEPARTMENT-Tim

Training will take place at Grissom on the 19<sup>th</sup> and I would like to ask the board's permission to take the new fire truck to the training. We can use the foam for our bi-yearly testing.

#### **Engineering-** Jason Clearwater

Runway 14/32 the ad is at the Muncie Star Press now and it will run on Friday May 13<sup>th</sup> and again Friday the 20<sup>th</sup>. I do have in the ad there will be a meeting here at the airport May 23<sup>rd</sup> at 9:00 AM for any contractors that might want to meet– Open Bids will be June 6<sup>th</sup> @ 9:00 AM. This gives me a week to prepare the grant application to present to the Board at the June 13<sup>th</sup> meeting, in order to submit to FAA for the July deadline.

DBE (Disadvantage Business Enterprise) I need to have a consultation this evening so the floor is open for any discussion from the public for any input on the DBE Plan as presented. Hearing none I will close the consultation.

I will run an ad in the newspaper stating that the DBE Plan will be on file here at the airport if anyone would like to look at it. That will open a commit period for 30 days once I have completed it, I will ask for the Board to approve the DBE Plan at the June meeting to make to the FAA for the deadline. The percentage changed from 9.6% last period to this period 2017 – 2019 it changed to 6.4%.

Five drainage projects that we have planned for 2017 and are pretty well designed I have an environmental document to submit to the FAA.

- 1. Runway infield drainage
- 2. Terminal apron drainage
- 3. Taxiway Bravo ditch grating
- 4. Runway 3/21 pipe up sizing
- 5. Pipe line improvements

No motion needed for the signature.

Joe asked Jason how many work days to complete work on the north end. Jason replied 30 calendar days, we do not do work days. Begins after we get a Past passing testing strip and off site location we give them 20 days to get all their test strip done and we have 30 days actual runway closure – maximum, then we come back for 2 days to groove the runway and at a later date usually a month after the grooving we come back and do the painting application, that's usually 2 days. That's 34 days maximum on the runway.

Joe asked if the last time it was paved at a 25' width, Jason replied "no" you can't pave that wide, 20 is the max. so we have 150' probably 4 lanes each side that's 17.5 and that's about as wide as they want to get. So that's probably 8 lanes to do the runway width.

#### **TOWER REPORT-** John Ferratt

Numbers are still up on both we are up over 600 from last April and the trend is still going up. And everything is going well.
